Dr. W. C. Couden, Louisville, Ky.

My Dear Sie:— Being now eatisfied that my face is perfectly cured, I write to say so, and to thank you for your skillful treatment of it. Though it has been six months since it head. I have forborne writing you because of the common belief that cancerous diseases cannot cure!—that they can only be published or covered up for a time to re-appear with more than original virulence, and I thought that I would give my case the full benefit of all that doubt.

I will state that in 1863 a pimple made its appearance on the base of my toose, near the USE B. A. FAHNESTOCK VERMIFUGE.

ASK your Doctor or Druggist for Swe Qutnine—it equals (bitter) Quinine. Is made only by F, Sterns, Chemist, Detroit. COLBURN'S PATENT

Is better than our regular shaped Axes for these reasona: First—It cuts deeper. Second—It don't stick in the wood. Third—It does not jar the hand. Fourth—No time is wasted in taking the Axe out of the cut. Fifth—With the same labor you will do one-third more work than with regular Axes. Red paint has nothing to do with the good qualities of this Axe, for all our Axes are painted red. It your hardware a store does not keep our goods, we will gladly answer inquiries or fill your orders direct, or give you the name of the nearest dealer who keeps our Axes.

Leve that I am indebted entirely to your skill for that cure, and will, as a matter of what, red commend any one afflicted with any kind of cancerous disease to you lor treatment, believe work than with regular Axes. Red paint more work that if the cure or rehe is possible you can afford it. Believe me, very traly and gratefully, Yours.
